

# **AN INDEX TO THE RESEARCH ENGINEER ISSUES OF 1955-1957 BY SUBJECT AND AUTHOR**

## **A**

AEC loan, Tech receives, 0 '56, 21  
Accounting, statistical theory and, Ap '57, 20  
Aeronautical research facilities, Tech's new,  
Ap '57, 8  
Aerosol studies at Georgia Tech, Ap '57, 15  
American engineering education, Ju '55, 17  
Analog computer laboratory—a versatile new  
research facility, Ju '56, 15  
Antennas, from fishing rods to, Ap '56, 11

## **B**

Basic research problems in science, some fac-  
tors in choice of, Ju '56, 4  
Bellinger, Frederick  
—, industrial research and Georgia Tech, Ap  
'57, 4  
Brake friction materials, 0 '57, 17  
Brown, John L.  
—, electron diffraction in metallurgical re-  
search, Ap '55, 3

## **C**

Calibrating radiological instruments, a device  
for, Ja '55, 12  
Ceramic molds for metals, 0 '57, 8  
Ceramics—the art and the science, 0 '57, 4  
Chancey, Clifford N. Jr.  
—, fissionable materials in Georgia's rocks, Ja  
'57, 16  
Cobalt 60 teletherapy, part I, Ja '56, 9  
—, Part II, Ap '56, 16  
—, Part III, 0 '56, 5  
Computer Center (see Rich Electronic Com-  
puter Center)  
Computers,  
—, Chronology, Ja '55, 11  
—, Year of the, Ju '56, 3  
—, Ears for, Ju '55, 3  
—, Electronic, Ja '55, 3

## **D**

DallaValle, J. M.  
—, the Italian University: some observations,  
Ap '55, 11  
Dasher, Benjamin J.  
—, some scientific aspects of language, Ju  
'57, 4  
David, Edward E. Jr.  
—, ears for computers, Ju '55, 3  
D-Day for the Computer Center, Ja '56, 20  
Dental handpiece, development of a high-speed,  
0 '56, 22  
Development of new industries, Ju '57, 14  
Development of science thru technology, Ja  
'57, 3  
Device for calibrating radiological instruments,  
a, Ja '55, 12  
Dutton, Donnell W.  
—, Tech's new aeronautical research facilities,  
Ap '57, 8

## **E**

Electrical insulation, 0 '57, 13  
Elliott, Thomas A.  
—, cobalt 60 teletherapy, Ja '56, 9  
—, development of a high-speed dental hand-  
piece, 0 '56, 22  
Engineering education, American, Ju '55, 17  
Education and industrial development, Ju '57 3  
Essential information, Ap '55, 10  
Electron diffraction in metallurgical research,  
Ap '55, 3

## **F**

Faculty experience in nuclear fields, Ja '56, 16  
Fields, John  
—, fissionable materials in Georgia's rocks,  
Ja '57, 16

*Continued on page 18*

# Index to The Research Engineer, 1955-1957

Fishing rods to antennas, from, Ap '56, 11  
 Fissionable materials in Georgia's rocks, Ja '57, 16  
 Fleming, Walter S.  
 —, fissionable materials in Georgia's rocks, Ja '57, 16

## G

Georgia Institute of Technology  
 —, Aeronautical research facilities, Ap '57, 8  
 —, Aerosol studies, Ap '57, 15  
 —, AEC loan to, O '56, 21  
 —, Industrial design at, Ju '57, 16  
 —, Industrial development research at, O '56, 12; O '55, 3  
 —, Industrial research and, Ap '57, 4  
 —, Nuclear education at, Ja '57, 8  
 —, Nuclear program, current, Ja '56, 4  
 —, Nuclear science at, Ja '56, 3  
 —, Nuclear reactor, needs for, Ja '56, 14  
 —, Radioisotopes laboratory, Ja '56, 8; Ja '57, 10  
 —, Reactor, research, Ja '57, 12  
 —, Regents professors, three appointed, O '55, 27  
 —, Weber named new dean of faculties, Ju '55, 8  
 Goodwin, George  
 —, research in industrial development, O '55, 3  
 Governor grants reactor funds, O '57, 22  
 Grovenstein, Erling Jr.  
 —, some factors in the choice of basic research problems in science, Ju '56, 4

## H

Harris, J. N.  
 —, high temperature materials, O '57, 5  
 Harrison, Dr. Edwin D.  
 —, O '57, 3  
 Harrison, Wm. B. III  
 —, Georgia Tech and the research reactor, Ja '57, 12  
 —, mechanical engineering research facilities, Ap '57, 10  
 Hays, Robert  
 —, safeguarding of trademarks, Ap '56, 5  
 How personnel and industrial psychology can serve industry, O '55, 15  
 High temperature materials, O '57, 5

## I

Industrial design at Georgia Tech, Ju '57, 16  
 Industrial development  
 —, Education and, Ju '57, 3  
 —, Research at Georgia Tech, O '56, 12  
 —, In Georgia, O '55, 20  
 —, Development of new industries, Ju '57, 14  
 Industrial market research, Ju '56, 10  
 Industrial research and Georgia Tech, Ap '57, 4

Internal revenue revisions, Ju '55, 23  
 Italian University; some observations, the; Ap '55, 11

## J

James, Jesse  
 —, meteor-trail communications, Ju '57, 9

## K

Kyle, Robert J.  
 —, technological information, O '55, 21  
 —, industrial market research, Ju '56, 10

## L

Language, some scientific aspects of, Ju '57, 4

## M

MacKay, John H.  
 —, statistical theory and accounting, Ap '57, 20  
 Manpower utilization, O '55, 9  
 Mason, C. R.  
 —, high temperature materials, O '57, 5  
 McClure, H. L.  
 —, safeguarding of trademarks, Ap '56, 5  
 McDaniel, Earl W.  
 —, fissionable materials in Georgia's rocks, Ja '57, 16  
 Mechanical engineering research facilities, Ap '57, 10  
 Meeks, M. L.  
 —, the south and the atom, Ja '57, 5  
 Meteor-trail communications, Ju '57, 9  
 Metallurgical research, electron diffraction in, Ap '55, 3  
 Microwave spectroscopy, Ju '55, 11  
 Moore, Joseph E.  
 —, how personnel and industrial psychology can serve industry, O '55, 15  
 Most challenging frontier, Ja '57, 3

## N

Navarre, Alfred T.  
 —, fissionable materials in Georgia's rocks, Ja '57, 16  
 New director, the, O '57, 21  
 New industries, development of, Ju '57, 14  
 New president, the, O '57, 20  
 North, John  
 —, high temperature materials, O '57, 5  
 Nuclear,  
 — Committee appointed, Ap '55, 18  
 — Energy at Georgia Tech, Ja '57, 8  
 — Fields, faculty experience in, Ja '56, 16  
 — Program, Tech's current, Ja '56, 4  
 — Reactor, needs for, Ja '56, 14  
 — Science at Georgia Tech, Ja '56, 3  
 — Science committee appointed, Ap '55, 18  
 — Science committee report, Ja '56, 6

# Index to The Research Engineer, 1955-1957

## O

- Operations research, Ap '55, 9
- Orr, Clyde, Jr.
- , aerosol studies at Georgia Tech, Ap '57, 15

## P

- Perlin, I. E.
- , electronic computing machines, Ja '55, 3
- Porcelain enameled steel plate, 0 '57, 10
- Poulous, N. C.
- , high temperature materials, 0 '57, 5
- Prince, M. David
- , a versatile new research facility, Ju '56, 15
- Progress and service, 0 '56, 3

## R

- Radioisotopes laboratory, Georgia Tech's, Ja '57, 10; Ja '56, 8
- Radiological instruments, a device for calibrating, Ja '55, 12
- Reactor,
- , Georgia Tech and the research, Ja '57, 12
- , Tech's need for a nuclear, Ja '56, 14
- Redd, Bryan L.
- , clinical use, cobalt 60 teletherapy—part III, 0 '56, 5
- Regents professors, three appointed, 0 '55, 27
- Research,
- Aeronautical, facilities, Ap '57, 8
- and Dr. Blake R. Van Leer, Ap '56, 3
- and Georgia Tech industrial, Ap '57, 4
- clay mineral, 0 '57, 19
- , Electron diffraction in metallurgical, Ap '55, 3
- Facilities, mechanical engineering, Ap '57, 10
- , Industrial development, 0 '56, 12; 0 '55, 3
- , Industrial market, Ju '56, 10
- , Operations, Ap '55, 9
- , Problems in science, some factors in choice of basic, Ju '56, 4
- Reactor at Georgia Tech, Ja '57, 12; Ja '56, 14
- , Scientific, Ap '57, 3
- Rich electronic computer center, Ap '55, 8; Ju '55, 9; 0 '55, 25
- , D-Day for the, Ja '56, 20
- Rocket nose cones, 0 '57, 15

## S

- Safeguarding of trademarks, Ap '56, 5
- Scheibner, Edwin J.
- , electron diffraction in metallurgical research, Ap '55, 3
- Science, development of, thru technology, Ja '57, 3
- Scientific research, Ap '57, 3
- Some factors in the choice of basic research problems in science, Ju '56, 4
- Some scientific aspects of language, Ju '57, 4

- South and the atom, the, Ja '57, 5
- Statistical theory and accounting, Ap '57, 20
- Straley, H. W. III
- , fissionable materials in Georgia's rocks, Ja '57, 16
- Swanson, Ernst W.
- , the development of new industries, Ju '57, 14

## T

- Tech, (see Georgia Institute of Technology)
- Technological information, 0 '55, 21
- Tolan, John H.
- , a device for calibrating radiological instruments, Ja '55, 12
- , cobalt 60 teletherapy, Ja '56, 9
- , dosimetry and instrumentation, Ap '56, 16
- Trademarks, safeguarding of, Ap '56, 5

## V

- Van Leer, Dr. Blake R.
- , American engineering education, 1880-1955, Ju '55, 17
- and research, Ap '56, 3
- , Ja '55, 17; Ap '55, 9; Ju '55, 23; 0 '55, 20

## W

- Wagner, Kenneth C.
- , industrial development research at Georgia Tech, 0 '56, 12
- , manpower utilization, 0 '55, 9
- Walton, J. D.
- , high temperature materials, 0 '57, 5
- Water resources, Ja '55, 17
- Weatherly, Thos. L.
- , microwave spectroscopy, Ju '55, 11
- Weber named new dean of faculties, Ju '55, 8
- Weber, Paul
- , Ap '56, 3; Ju '56, 3; 0 '56, 3; Ja '57, 3; Ap '57, 3; Ju '57, 3
- Williams, Quitman
- , microwave spectroscopy, Ju '55, 11
- Worrell, Norman
- , industrial design at Georgia Tech, Ju '57, 16
- Wright, T. K.
- , a versatile new research facility, Ju '56, 15
- Wyly, L. David Jr.
- , nuclear education at Georgia Tech, Ja '57, 8
- Wymer, Raymond G.
- , Georgia Tech's radioisotopes laboratory, Ja '57, 11
- Year of the computers, Ju '56, 3

## Z

- Zenoni, W. F.
- , high temperature materials, 0 '57, 5
